Guidelines for Higher Studies/Training Scholarship Program

Coverage

TCV scholarships are open to all the “wards” of Tibetan Children’s Village. The TCV Scholarship Policy Committee may also from time to time announce specific specialization scholarships on merit open to any bona-fide Tibetan student in keeping with the needs of the organization and the Tibetan community at large.

Tenability

TCV scholarships are tenable only for full time regular courses recognized by the Government of India or the State Government and those that are approved by the TCV Scholarship Policy Committee. No scholarship will be given for any unrecognized or part-time courses without prior written approval of the TCV Scholarship Policy Committee.

Value

In general, the value of the scholarship for various courses shall be as given in the scheme for scholarship distribution. For courses not mentioned in the scheme or specific specialization courses approved by the TCV Scholarship Policy Committee, the value shall be accordingly decided by the Committee, depending on the nature and duration of the course.

Cardinal Condition

On completion of one’s study program, a scholar may go and choose to work in any community. However, they must inform the concerned Scholarship Program Office (SPO) of the completion status. In certain specialized fields of study where TCV has a specific need, the scholar must serve for a certain period of time required as a commitment of the scholarship received.
